

## Catholic Education in the Parish of Mairehau

A detailed proposal for the provision of Catholic education for primary school children in the Parish of Mairehau has been circulated. By consulting with the Parish and the community of Our Lady of Fatima School and St Paul's School a shared vision for the future will be developed.

Both schools currently provide quality Catholic education but the earthquake events have meant that St Paul's School no longer has a home. The proposal identifies how the future needs of children and the Parish might best be met and how resources can be allocated to achieve this.

Participation in the consultation is voluntary but we do ask that you provide your name and address and identify your interest in the consultation process.
